

Trump Taj Mahal

Right on the Atlantic City Boardwalk, rising like a palace from the golden sand, is the Trump Taj Mahal. Always synonymous with even the mere mention of Atlantic City, the Trump Taj Mahal offers a myriad of restaurant options, amenities, a world-class casino, and guestrooms with sweeping views of the rippling Atlantic Ocean.

The hotel at the Taj is simply stunning. The rooms are modern and lavishly appointed, overlooking the ocean and the boardwalk, the bay, and the city. Decorated in warm neutrals, each space offers an inviting, pleasing atmosphere that will truly provide the comforts of home.

However, "home" sure doesn't have these amenities! The Fitness Center offers state-of-the-art equipment to help you work off that buffet, and the heated indoor swimming pool area is decorated with creative murals that actually make you feel as if you were taking a dip in the middle of a dessert... complete with a caravan of camels. The Spa at the Taj offers Swedish and aromatherapy massages, hot stone therapy, and even reflexology treatment, and the full service Salon will completely pamper you with body treatments, manicures and pedicures, temporary and permanent makeup, and hair cuts, colors, styles, and even extensions.

The Taj Mahal also offers a mouth-watering array of restaurants, ranging from quick bites to the Sultan's Feast, and from the casual meal to the elegance of authentic Indian delicacies at Royal Albert's Palace. Also check out Spice Road, packed with plenty of dining options.

The casino at the Taj Mahal will not be outdone. With over 2,500 slots and 177 table games, the action is always available. And if anyone has seen the poker movie "Rounders", then you will have noticed that the Poker Room at the Taj is most definitely the place to play.

When visiting Atlantic City, the Trump Taj Mahal is your obvious choice for relaxation, excitement, and everything in between.
